1

If I could love you
This would be heaven
But heaven's only in my dreams.
Cause when I'm dreaming
I'm in a street of angels
You're standing there so close to me.

Your smile is glowing
A sea of love is flowing
You take away all of my darkest fears.
But then the dawn comes
I waken to my real world
This heaven's only in my dreams

Chorus

This heaven's only somewhere in my dreams,
This heaven is purgatory.
Until you set me free.

2

The nights are lonely
But then the mist enfolds me.
I hear your voice call out my name.,
In sweet surrender
I kiss your lips so tender
And you just smile away my pain.

Chorus

This heaven's only somewhere in my dreams, yehh
This heaven is purgatory.
Until you set me free.
Repeat chorus
