"Don't Call The Cops"

You said it was nothing
It must have been something
You said it was nothing
But something it is
I know I was there when it was happening
I know I was there when it was happening

A crack in the mirror, I see a different side of you
I was just leaving, so don't call the cops
My kingdom will crumble like dominos
My kingdom will crumble like dominos

I got problems too, and one of them is you
You put me in a position I'm uncomfortable with
(If) you wanna be my girl, if you wanna see the world
Don't put me in a position I'm uncomfortable with

I could be there some of the time
I could be there most of the time
But I can't be there all of the time for you
I could be there some of the time
I could be there most of the time
But I can't be there all of the time for you

You wanted to race me, but I'm not built for speed
You said you would wait for me (at the) finishing line
My kingdom will crumble like dominos
My kingdom will crumble like dominos

I got problems too, and one of them is you
You put me in a position I'm uncomfortable with
(If) you wanna be my girl, if you wanna see the world
Don't put me in a position I'm uncomfortable with

I could be there some of the time
I could be there most of the time
But I can't be there all of the time for you
I could be there some of the time
I could be there most of the time
But I can't be there all of the time for you
