Whatever's on your crazy mind  
Come on make the pitch  
Show me where to turn you on,  
let me flick the switch  
'Cause just in case there's no tomorrow  
We'd better do it all today  
Good times come along

Na-na-na, good times  
Good times, baby, good times come along  
Na-na-na, get down  
Get down with it, get down all around

Don't think ahead, don't think at all,

never mind the cost  
it's all about the things you have,  
not the ones you lost  
And who cares if there's no tomorrow  
If we do everything today  
Good times come along

Na-na-na, good times  
Good times, baby, good times come along  
Na-na-na, get down  
Get down with it, get down all around

Come give it, come over,  
crazy 'bout the feeling  
I want it, I need it  
Come live it, come closer,  
bouncing through the ceiling  
I like it, I feel it
