Mary Ann what did you say?
I never thought you'd walk away
Are you safe where no one knows your name?
Mary Ann what did you say?

Mary Ann where did you go?
Hiding where the lights are low
Did your life become a one girl show?
Mary Ann where did you go?

Mary Ann what did you say?
I never thought you'd walk away
Are you safe where no one knows your name?
Mary Ann what did you say?

Mary Ann where did you go?
Hiding where the lights are low
Did your life become a one girl show?
Mary Ann where did you go?

Mary Ann what did you say?
I never thought you'd walk away
Are you safe where no one knows your name?
Mary Ann what did you say?

Mary Ann what did you say?
I never thought you'd walk away
Are you safe where no one knows your name?
Mary Ann what did you say?
