Yeah, in my neighbourhood  
We're all good, like we should  
It's understood that in my neighbourhood  
It's okay to be great  
Come, let it blow your mind away

Throw off your uniform  
Don't need it anymore  
Don't be nobody  
'Cause somebody is all you can be  
So drop the act you play  
This ain't no masquerade  
'Cause where we're going we'll just be you and me

Don't care about yesterday  
It's over anyway  
How come tomorrow's the place where everyone wants  
to be  
Forget the heat you took  
You get to write this book  
'Cause where we're going the streets will set you free

Yeah, in my neighbourhood  
We're all good, like we should  
It's understood that in my neighbourhood  
It's okay to be great  
Come play, let it blow your mind away

There ain't no other place  
That makes me feel this way  
It's always happening so no one ever runs out of time  
Turn off the city lights  
It won't get dark tonight  
'Cause everybody who's here came out to shine

Yeah, in my neighbourhood  
We're all good, like we should  
It's understood that in my neighbourhood  
It's okay to be great  
Come play, let it blow your mind away

I can see that you feel it, you believe it

It gets in your veins  
And you know that you need it  
It's nothing but a state of grace

Yeah, in my neighbourhood  
We're all good, like we should  
It's understood that in my neighbourhood  
It's okay to be great  
Come play, let it blow your mind away
