Na, na, na
Na, na, na, na, na, na, na
Na, na, na, na
na, na, na, na, na, na, na, na, na, na

I couldn't live
Because our love was dead
I couldn't sleep
In an empty bed
And I couldn't see
How this started
What the big connection
That we had was all about
I couldn't care
If you was sorry now
I couldn't bear
If you stuck around
And I couldn't stand
Another promise

No more dreams good bye to me
You could say goodbye to me
And baby when you're gone
And this pretty world will move along
You lie to me
Now I know you lie to me
The waiting made me strong
And this pretty world will shine when you are gone

I couldn't hear
What you never said
I couldn't think
With a spinning head
I couldn't leave
When you held me
You were here
But your mind was always doing something else
Now I can hate
Cause I feel no love
But I can't wait
To be out of touch

Aint no way I'm staying in this limbo

No more dreams good bye to me
You could say goodbye to me
And baby when you're gone
And this pretty world will move along
You lie to me
Now I know you lie to me
The waiting made me strong
And this pretty world will shine when you are gone

Theirs a light
In my mind
And it needs to be shining
Oh
There is a truth
And it's not happening for you so
No more dreaming

Bye to me
You could say goodbye to me
And baby when you're gone
And this pretty world will move along
You lie to me
Now I know you lie to me
The waiting made me strong
And this pretty world will shine when you are gone

Na, na, na,
Na, na, na, na, na, na, na
Na, na, na, na
Na, na, na, na, na, na, na, na, na, na
