### "Speak Your Mind"

Visit "[Speak Your Mind](#)" on MotoLyrics.com

When did you begin to steal  
I hear this is new now what has come to your mind  
One game is over and now comes another  
Couldn't you run away with her like you wanted to  
Or was there something that she would not do to you  
Oh little yeah little I care  
You're getting nowhere  
You must let them hear you  
Speak your mind  
Ship in the morning with the golden light sleeping  
On the water top  
Dreams get better and better as the prices go up  
Couldn't you get her up to a rendezvous  
Or couldn't you get her first of two  
Oh little oh little I care  
You're getting nowhere  
You must let them hear you  
Speak your mind  
Do you believe in Kingdom Come  
Take the risk of leaving home  
There's nothing to be afraid of  
Even if you're alone  
Leave it to the hand of fate  
Leave it to the hand of fate  
There's one thing I can assure you  
You won't regret it  
There's nothing to be afraid of  
There's nothing to be afraid of
