I DON'T WANT

I'm not looking at you as you walk down the street.
Your blond hair didn't catch my eye.
You're not the reason my heart missed a beat
Your legs go down, all the way,
All the way to your feet.
I'm not going to think of you anymore
I'm not day dreaming about you and I
That's not my jaw I'm picking up off the floor

CHORUS:

I don't think this feeling is for you.
I don't think this feeling is for you.
I just want to make it clear - that I have no fear
I don't think I want to feel like this for you.
As the turmoil between my heart and brain collide.

VERSE 2

I don't only smile like this when I'm with you.
How can I get you out of my mind?
It's taken me by surprise.
How did you, how did you do
What you did to me.
You've taken a heart when it wasn't on view.
It was a diamond always for you.
As the turmoil between my heart and brain collide.

CHORUS: I don't think this feeling is for you.
I don't think this feeling is for you.
I just want to make it clear - that I have no fear
I don't think I want to feel like this for you.
As the turmoil between my heart and brain collide.

VERSE 3

These Butterflies I try and hide.
As the turmoil between my heart and brain collide.
You can't take away the pain from before.
My heart is just healing the cracks from the past.
But every time I see you walk by.
I try, but my heart won't lie

CHORUS I don't think this feeling is for you.
I don't think this feeling is for you.
I just want to make it clear - that I have no fear
I don't think I want to feel like this for you.
As the turmoil between my heart and brain collide.

VERSE 4

As you smile at me, your lips full and red.
Just one kiss is all. And I'll let you be.
I won't kiss you, but I will let you kiss me.
Burning passion your exotic touch
This feeling inside the turmoil between my heart and
brain collide

I just want to make it clear to you.
I don't want to be hurt by you,
I just couldn't take any more
I've been hurt so many times before
I just want to make it clear to you.
I don't know what it is I should do.
As the turmoil between my heart and brain collide.
