Hey people, we got a little something  
That we wanna tell you all, so listen  
Understand, "Yo God made one no better than  
The other, every girl becomes  
A woman every boy a man"  
While you're livin' in your mansion  
Driving big cars, there's another  
On the street cold sleepin'  
On the ground  
So when you walk by, "Yo, don't act  
Cold-blooded, 'cause it just ain't  
Fair to kick a man when he's down"

'Cause, He is somebody  
Like I am somebody  
You are somebody  
Like I am someone

Whether you're here or you're gone  
Right or you're wrong, you were meant  
To be somebody from the second you're born  
Don't criticize and knock one another  
It ain't really that hard to just be  
A brother, so be good speak up  
Don't wait for it to happen, life is  
Passing you by and homeboy  
You're cold knappin'  
Don't get hung up on what you're not  
Be proud of what you are and whatever  
You got!  
'Cause it's a cold cruel world causing  
Kids to cry, if you're hangin'  
Your head, cold kiss it goodbye  
Stand up for your heritage, rejoice  
In the fact  
Whether you're red, white, tan  
Yellow, brown or black

'Cause, He is somebody  
Like I am somebody  
He is somebody

Like I am someone

There are fireman,bankers,messengers,preachers  
Brokers,policeman,executives,teachers,journalists  
Janitors,architects,doctors,restaurant workers  
Nurses,chief rockers  
If you feel you're somebody  
Be proud and show it!'Cause everybody's  
Somebody,(Ugh) and ya know it  
It doesn't matter if you're black,white or Chinese  
Livin' in the States or reside overseas  
'Cause you and I are special,same as everyone else  
And if you don't believe me  
You're only cheating yourself  
'Cause we all got a purpose in life to achieve  
(That's a fact)And here's another  
That you better believe

That I am somebody  
Like you are somebody  
He is somebody  
Like I am someone

You got wealth,good health and you're stuck  
On yourself  
Let me tell you that you're better than no body else  
'Cause you got no self-esteem,so I'm richer  
And when you leave this earth you can't  
Take money witcha  
So play your dumb game,call me out  
My name,but there's nothing  
You can do that could make me feel shame  
We're all created equal we live and we  
Die,so when you try to bring  
Me down I keep my head up high  
Don't judge a book by its cover 'cause  
It's never what it seems  
Now I know what I'm sayin' and I feel  
I gotta scream

That I am somebody  
Like you are somebody  
He is somebody  
Like I am someone

So be yourself, HUH!!!
