

September When "Pain"

Visit "[Pain](#)" on MotoLyrics.com

Whenever I get home late at night
I lock the door and then I turn off the light
Cotton the doorbell, disconnecting the phone
I will make sure that I'm completely alone
I'm in pain
My love's in vain
I've done some research to find out who you are
I drive around your house at night in my car
I have not told this to no other before
But I can't keep it as a secret no more
I'm in pain
My love's in vain
Early morning
I get up before the sun is rising
So I can follow every step you're taking
As in my dreams it's only you and me
I just powder them a bit with fantasy
I have spent too much time on this planet alone
I have spent too much time all on my own
Try to remember what the highlights have been
But then I recall I no highlights have seen

I'm in pain

My love's in vain
