

## September When "Slow Down"

Anyone can understand the meaning of big storm

I think it's coming this way

Anyone can understand the meaning of being alone

I had that feeling today

Anyone can do as they please with their own lives

But from now on I will keep promises inside

Anyone can be afraid of changes that come along

It's a matter of closing our eyes

Take a look behind my back and tell me what's going  
on

I don't want to hear any lies

Anyone can do as they please with their own lives

But from now on I will keep promises inside

And naturally we thought we had a river flowing

Shows how much we don't know

Slow down

And naturally we thought we had a rain forest

Shows how much we don't know

Slow down
