Fellow traveller, what you posses is something unique, two entities in one. The first is composed from five new songs, designed to bring you one step closer to the realms of MORPHEUS.

The second is the reincarnation of the: "TEMPLE OF THE LOST RACE"

mini Lp, released in 91. Many searching for it but in vain.

At last this lost page of the band's history is a restored. We resurrected the old songs while keeping the spirit that was behind them. Enjoy the pleasures of the flesh...
