Hold me close and comfort me  
Just help me through the pain  
I don't know just where to run to never feel the same  
I was fine the days before you came into my life  
Since then it seems that I've been running all the time

Set me free  
Ooh set me free

Going through the ways of love has opened up my eyes  
Every dob that tainted you is growing all the time  
Send it all, send it out, send it all away  
Send it all, I've seen it all, oh it's the same

Set me free  
Ooh set me free  
Ohh yeah

Oh so hear me out, yeah we'll waste another day  
Search around, lost and found  
Life has shown me the way

So I feel it all, and I feel it all  
And I see what's all around here  
I hoped that I'm lovin' the fact that you're gone  
Yeah you're gone

Set me free  
(I'm free, I'm free)  
Set me free  
(I'm free, I'm free)  
Set me free  
(I'm free, I'm free)  
Set me free  
(I'm free, I'm free)
