"Great Romance"

Visit "[Great Romance](#)" on MotoLyrics.com

My heart is overwhelmed with a good theme
The greatest love I've found in you my King
Unfaithful I have been, turning to other forms of love
But you've pursued me

And I've found myself in the arms of my King
He romances me, He romances me
I never could say no to what His hand has offered
He romances me, He romances me

My heart is overwhelmed with a good theme
You've brought me close despite impurity
And righteousness I find and found in You I am
You have cleansed me

I am confident that You will never leave me
Neither death nor life, could ever separate me
All I am, is by Your grace Lord
And I am overwhelmed by You
