What rhythm can beat to the glory of God  
What words could proclaim the depths of His love  
What anthem could ring out the story of God  
What name could compete with Jesus our King; our  
mystery

Who is like You? Who is like You? Far above, yet below  
Sovereign King and only Son  
I can't describe You! I can't describe You! Infinite; yet  
personal  
Holy King and humble one

What we could not do, You've done with great power  
When we had no hope You captured our hearts  
How could we respond to this infinite love? There's no  
greater joy  
Than Jesus our King, our mystery

How could You be, both just and gracious? Well I know  
You are  
How could You be both wrath and love? It's a mystery  
How could You be man and God in one? Three in one  
Though I may never fully understand,  
I'll trust You are who You say You are!
