"Mask"

All the drama and the words.
Endless noise reflecting.
No value, no substance
in anything you're saying.
Confusing a reason,
but no one is really listening.
Just seeking approval.
Desperate to draw attention.

Die behind your mask.

No substance or logic
behind a mask, you're hiding.
Keep reaching for something.
Untruthful accusations.
Your bullshit is wasted.
It only makes us stronger.
More proof in our actions.
Can stand by what we are doing.

Die behind your mask.

Hide -
Lie -
Hide -
Take your mask off.

The true voice. Our music.
It's always been our music.
Can't speak to our faces.
It's easy to put your mask on.
The typing and bitching,
it's how you keep your distance.
There's always a reason
we've moved beyond your limits.

Hide -
Lie -
Hide -
Take your mask off.

A life in disguise. It's all a dream.
Look at me, it's so predictable
with your head bowed down. It's time to cross these
lines
and stand to face, look at me!

Hide -
Take your mask off.
