Is what you want, is what you need
And what you want is what you need
And what you need is really what you want
What you want is what you need
And what you need is really really what you want

Is what you want, is what you need
And what you need is what you really really want
(2x)

I'm wasted (cut your head, cut your head) (2x)

Is what you want, is what you need
And what you need is what you really really want
(2x)
Is what you , is what you see
And what you see is what you really wanna eat
Is what you love, is what you bleed
And what you bleed is ??????

I'm wasted
And I keep falling over
With your head on my shoulder
I'm wasted

Is what you want, is what you need
And what you need is what you really really want
Is what you sow, is what you reap (?)
And what you ????????

I'm wasted (2x)

I'm wasted
