Fresh faced
First taste
It came and went
A heaven spent
Too fast to feel it go to waste
Goodbyes
Glassed eyes
The edge of sleep
A numb so deep
To silence the war inside

Coz when it comes to dying
I'm not frightened
I've been to hell and I've seen the truth
So when it comes to dying
I'm not lying
I only know that this much is true
I'm gonna miss you
I'm gonna miss you.

Daybreak
Clean slate
You dream and wish and make the switch
There's always more to strip away
Temptress
Emptiness
Fill you with love and God above
So this is who I am
(This is who I am, this is who I am, this is who I am)

Coz when it comes to dying
I'm not frightened
I've been to hell and I've seen the truth
So when it comes to dying
I'm not lying
I only know that this much is true

I'm gonna miss you
I'm gonna miss you.

I'm gonna miss you

I'm gonna miss the sun
And the stars above into the distance
A reminiscence
Face scarred
Lungs tarred
You're never wrong, knew all along
It's just alignment of the stars
Head shaved
Sould saved
The answers came
More of the same
Until they fell away

Coz when it comes to dying
I'm not frightened
I've been to hell and I've seen the truth (I've seen the
truth)
So when it comes to dying
I'm not lying
I only know that this much is true
I'm gonna miss you

Coz when it comes to dying
I'm not frightened
I've been to hell and I've seen the truth (I've seen the
truth),
So when it comes to dying
I'm not lying
I only know that this much is true
I'm gonna miss you
