An ignorant perplexing twist of the misted unreal  
Under the seal of repentance, I don't know why?

Heartless cruel destiny made the soul helpless  
Finally, can not be classified  
The weakening spirits tremblingly walk on a perished  
paradise  
Betrayal nihility comes after confusion

Ah! my ruthless mind can't find your lonely heart to  
become reality

I'm asking myself, is it hard to be in love?  
The sad fascination, there's only-

Inner lids of your eyes, searching the old times  
Even though riding in the sky  
Across the storm wind in a snowy ice world & deep  
black horizon  
There's merely cleaving a wish, calmly facing the  
afterlife

Ah! degenerate lonely heart deepest inside, vanished  
in foretime

An instantaneous love's encroaching my heart  
In the quietest time with lasting love & affection  
A cloudy sky comes with fading memory  
The silence in my mind for passing time in  
remembrance

The day dawned calmly and the morning sun danced  
away  
A soul returns the burning desire

The burning desire is flaming destiny in the end  
Love heaps up to hate, the dying resentment  
Forget the exhausting soul & disconsolateness in  
midsummer night

A carefree mind was deep in thought beneath the sky

Long for love, a telling fell  
I can see the glorious splendor around me  
Breaking out of the transient eternity

Continuously in the world, aspired to a tough problem  
Unbeknown limitless sky, break out, abyss

An instantaneous love's of contribution  
Follows you revolves around your heart  
The shinning starlight reborn to remember me  
I inform my soul far away from terrestrial despair
