(Verse 1)

It was Australia day 1985  
Nothing much was going on then  
Sitting in the same old aisles  
They where singing  
Something about the rain  
It was Australia day  
And I'll never be the same

(Chorus)

Oo-oooh can you hear me  
Oo-oooh can you feel me  
Yeah  
You're alive and well  
Living  
Under a Southern sky  
Under a Southern sky

(Verse 2)

London's so far away  
Right across the sea  
Thinking about Australia dreaming  
It's the heart of me  
And I always say  
It's the only place to be

(Chorus-varies)

Oo-oooh can you hear me  
Oo-oooh can you feel me  
Now  
You're alive and well  
Living  
Under a Southern sky  
Under a Southern sky

(Middle 8)

4 am in Trafalgar Square  
All I can think about is you  
Can you Hear me

(Verse 3)

Winters coming on  
I'll be coming home  
To the land of endless summer  
To the place where I belong

(Chorus-varies)  
Oo-oooh can you hear me  
Oo-oooh can you feel me  
You're alive and well  
We 're alive and well  
You're alive and well  
And Living

Under a Southern sky  
Under a Southern sky  
Under a Southern sky  
Under a Southern sky

Can you hear me  
Can you hear me  
Under a Southern sky  
(Fade)
