Being on the run, there's one thing I've found  
You don't miss the sun, till the sun goes down  
To get to heaven, I'll go through hell  
Yeah I've learned my lessons, and I've learned them  
well

If I'm going down, I'm going down in flames  
From this moment on, ain't nothin' gonna be the same  
One thing's for certain, everybody's gonna know my  
name  
If I'm going down, I'm going down in flames

To climb a mountain, you've got to risk the fall  
To make a difference, you've got to risk it all  
Just like an eagle, spread you wings and fly  
Ain't afraid to lose, ain't afraid to die

If I'm going down, I'm going down in flames  
From this moment on, ain't nothin' gonna be the same  
One thing's for certain, everybody's gonna know my  
name  
If I'm going down, I'm going down in flames

If I'm going down, yeah I'm going down in flames  
From this moment on, ain't nothin' gonna be the same  
If you've got the fire, I've got the gasoline  
'Cause if I'm going down, I'm going down in flames  
If I'm going down, I'm going down in flames
