"Out Of Control"

I can feel the devil sittin' right here beside me
I can feel him in my bones
I've been up for days
Runnin' through this maze
And I just want to go back home

Help me
I believe I'm sinking down
And I'm spinnin' out of control

My cards are on the table
I'm feeling short of stable
I've got nothing left to show

Blinded by my own desire
Now the stakes are so much higher
Lose this hand and lose my soul

Help me
I believe I'm sinking down
And I'm spinnin' out of control

Help me
I believe I'm sinking down
And I'm spinnin' out of control
