(La la la la la la....)
Baby you alright?
(Ooo yeah)
Come here let me talk to you for a second
(ooooooo)
I know I know I know
I can make you feel better
(Ohhhh ga ga ga ga ga babe)
just talk to me
I'll never know unless you just open up and talk to me
(I can tell something's wrong; Baby I can tell
something's wrong)
I'm always here
(Girl ooo yea)

[Verse:1]
See whats the matter baby
There's something heavily weighing your mind
How about a conversation
I intend to ease your worries tonight
Please don't hold back your emotions
It pains me to see you hold feelings inside
I know you won't let it break you
You'll be ok if you give love a try

[Chorus: 2x]
Girl you gave your heart but that brother never cared
Thinkin to yourself wishin you wouldn't have gone there
Afraid to love again
Thinkin all men are the same
Girl I don't blame you

[Verse: 2]
I know for certain you're hurting babe
You won't feel love is real
Without ample time to heal
Learning to trust without fear
And to move beyond the past and your tears (I know its
hard, I know)
No memories remain
The heartaches

The pain
They seem to never ever ever go away
Just let me know when you're ready babe
To forever be my lady
My lady

[Chorus: until fade]
