Dive, dive....

When you say it's true  
Baby I love you  
I just can't resist  
looking in your eyes  
knowing you're not mine  
I am a secret love

There's someone else that you kiss  
I've just got to be with you  
Here is the touch  
maybe too much  
anyway that's all that I can do

When I go out into the night  
everything seems oh so right  
Hold you in my arms  
feel me with touches  
I can't say "NO" now all forever more

Deep and deeper, can't stop the feeling baby  
when we're making sweet sweet love  
Deep and deeper, then we two are one  
I dive right into your heart

I dive, into your heart, into.... your heart..., heart...

Take me in your arms then tell me once again  
We will never end  
Deep and deeper, emotions flowing  
like an arrow going straight to my heart  
Deep and deeper, drowning in your arms  
and deeper and deeper and deeper

Deep and deeper, my heart is burning  
with a passion taking over me  
Deep and deeper, truly how I feel  
I dive right into your heart

I dive right into your heart
