Who are you  
Hope we're through  
I just need  
You to know

Lonely time was passing by  
Who'll think back that this love we share  
What would happen to you and me  
If we only stay together

Flashing back and you said something and  
Turned away (turned away)  
Off to my God, I rose  
Awake in my bed I'll be letting you go

I, I'll have to let you go (let you go)  
I just want you to know  
You'll always be the one  
The one I love

I, I'll have to let you go (let you go)  
And your memories (memories)  
Let me forget you  
The one I love

If I only have to let you go (oh..)  
I just want you to know  
You'll always be the one I love
