

## Serenity

# "The Heartblood Symphony"

Visit "[The Heartblood Symphony](#)" on MotoLyrics.com

I was always proud of being a part of you  
My life in your house always seemed too good to be true  
Your trust in me, I paid it back with my loyalty  
To die in your name has been the fate that waited for me

(Bridge:)

Here in a second life I am your servant (again)  
I've sworn allegiance but I won't close my eyes

(Chorus:)

Give me a reason for ending my treason  
I fear it's too late, games you have played leaving a bleeding heart  
I long for the old times, I'm sick of your false rhymes  
Turning the world to something never meant to be

I remember the very first day wearing your sign  
The falcon eyes, the wings of red felt right to be mine

(Bridge:)

Here in a second life I am your servant (again)  
I've sworn allegiance but I won't close my eyes

(Chorus:)

Give me a reason for ending my treason  
I fear it's too late, games you have played leaving a bleeding heart  
I long for the old times, I'm sick of your false rhymes  
Turning the world to something never meant to be

You were so close to me just like a family I never had  
The brave lost in the past, the one I love obsessed  
And there's no way to cure her twisted mind  
I still can't believe what you have done to me

(Chorus:)

Give me a reason for ending my treason  
I fear it's too late, games you have played leaving a  
bleeding heart  
I long for the old times, I'm sick of your false rhymes  
Turning the world to something never meant to be
