Get up get up get up with the gratitude (x3)  
Get up get up get up like this

So what the hecht do you think  
That you can talk to me  
As a matter of fact this band  
That we have means more to me  
Than I can understand  
It's sorta like jello the longer we hang  
We edify each other and bulid that thang  
Uniting and counting and loving for each other's own  
One of many things that I'm thankful for

Oh I sing a simple song for You  
Gotta gotta get it get it get it gratitude (x3)  
A song of gratitude

If you think that Luck had started it all  
Think again my friend it's the God without an end  
He hyped and saved my dirty dingee soul  
The He gave me the microphone  
And inside to show  
Now bring it on Mr. Pigeon John  
And tell the people how you get your gratitude on

Oh shoot look at me real cute  
Gotta switch my attitude to gratitude  
And thank the Lord for my friends and my crew  
All the ups and the downs in this big life stew  
Oh it gets kind of confusing sometimes  
But we gotta let it slide and let the sun shine

Oh Kay you made our beds and washed our socks  
Pops you put the bacon on the table  
Ya gave me a name I live with it proud  
And jump in the crowd and let it shine  
And what's mine is a gift  
Ya know we come to lift heads and emotions  
To serve one Master with devotion
