#### VERSE 1

It's amazing in all of this  
that You could find me in all of my mess  
I don't get it and I don't deserve You  
cause You're amazing and I am a fool

#### PRE-CHORUS

Show me You in everything,  
Show me You in everything

#### CHORUS

I'll see You see You  
when the storm fades away  
and I'll see You see You  
when the skies open up  
and I know (know!)  
know that You love me (know!)  
and I know  
know that You love me (know!)

#### VERSE 2

It's amazing what Your love brings  
It surrounds me like the air that I breathe  
I still don't get it  
what You've given to me  
Your love unending it's all that I need

#### PRE-CHORUS

#### CHORUS

well understanding You is somethin that will never  
happen  
I can't comprehend an inch of what you mend  
eternally inside me grace so sufficiently  
that I am amazed at the fact that I exist  
can't explain the way of how I'll make it through this  
but like a psalmist I'm asking You to calm this storm  
that continues to persist and make me a mess  
in all my stress I repent for my lack of content  
show me You

Show me You (in everything)  
Show me You (in everything)  
Show me You (in everything)  
Show me You

I'll see You see You  
You're amazing  
I'll see You see You  
You're amazing

I'll see you  
when the storm fades away  
and I'll see You see You  
when the skies open up  
and I know (know!)  
know that You love me (know!)  
and I know (know!)  
know that you love me

I see You I see You  
I see You I see You
