

Bravery, The "Give In"

Visit "[Give In](#)" on MotoLyrics.com

All I want is everything
Everything that I'll ever be
All I want is everything
Everyone that's coming for me
Nothing happens and everything is changed
All I want is everything to stay the same

Will you give in?
Will you give in?

All I want is everything
All the words and truths between
All I want is everything
Everything your keeping from me
Nothing happens and everything is changed
All I want is everything to stay the same

Will you give in?
Will you give in?

I've been staring back in my eyes for a while
I think they never stop moving

All I want is everything
All the things that you think of me
All I want is everything
All you've tricked yourself to believe
Nothing happens and everything is changed
All I want is everything to stay the same

Will you give in?
Will you give in?
Will you give in?
Will you give in?
