You're back in my arms
Now you're back where you belong
But baby I still recall those crazy days
We found new ways of hurting each other

The magic was gone
Now it's come back just as strong
But now that we found ourselves a second chance
It doesn't mean that we'll have another

Please let's give a little more this time
Let's try to keep in mind our love is on the line
Darling please, let's give it all we got
This could be our last shot
And so no matter what
Let's remember to be kind
Give a little more (give a little more)

We had is a dream
And we let it get away
Somebody up there looked at us and knew
That me and you should still be together

I know what love means
And I'm learning day by day
No matter how good the feeling feels at first
We gotta work at making it better

Please let's give a little more this time
Let's try to keep in mind our love is on the line
Darling please, let's give it all we got
This could be our last shot
And so no matter what
Let's remember to be kind

Give a little more, give a little more this time
Let's try (this time) to be the best that we can be
Let's not make the same old mistakes that we went and
made before
Baby let's give a little more, give a little more this time.
