If it's life I would like to be there  
If it's good and you find no despair  
Then you'll see  
That the dreams that you dream  
Yes, they're true  
Just for you  
When you say that you're happy to be in that place  
Where the sun's always kissing your face  
And the people and children they play  
And I can't wait

Chorus:

I'll take a bus or a train to get to love city  
It's the only place I feel at home  
I'll take a car or a plane to get to love city  
It's the only place I feel at home

If it's love I can see in your eyes  
That you come from a place where eternity lies  
If you please won't you show me the way  
That you go, I want to know  
Fade away from the hustle and bustle of life  
To a city where darkness is light  
And the beauty of nature is there,  
It's everywhere

(Repeat chorus 2X, to fade)
