Don't have lotta time man I really gotta move man  
She's waitin' for me now man don't wanna blow the  
move man  
Cause you know I gotta go to her place  
I go to another space when I look at her face  
And look at her eyes they're deep like pools of water  
I'm really turned on now and I know that I oughta  
Hold her hand let my love pour dance on the dance  
floor  
If you can't dance baby I can show you  
Jus' clap yo' hand, and let the music take you  
And put your foots in, and let it all shake ya  
And take yo' head

And put you hands up -ah  
And shake your waist -ah  
And you can tip it up  
Just move your hands -eh  
And move your waist -eh  
You're looking in my eyes and in my face -ah  
And then I feel you when I keep pace -ah  
And then we dance  
And we let the music happenin'  
We fall in love all over again, again, again, we say

Can't be wastin' time yeah I gotta make my move man  
Gotta girlie lookin' at me peeping at my hood man  
No time to waste when you're up in the spout  
Coz there's too many boppers that make my cock block  
So I git myself together make sure I'm looking smooth  
man  
Walk up pumpin' it as and what you do man  
She tol' me she chillin' and they doin' nuth'n  
So I said maybe later we can get in the sun  
We can skip to a diner and sip a little coffee  
And talk about hip-hop stars and astronomy  
By the way baby what's your sign  
She said Virgo I said Pisces mine  
And this was her favorite dish  
And I never met a virgin pretty like this  
Let's do it, let's do it, let's do it do it do it  
Let's do it do it do it
