Oh shit!

Banging trashcans, breaking windows
We'll wake you up tonight

We like the good time, we scream and shout
And that's what fun's about

Me and my boys have rock 'n' roll hearts
We'll turn this town apart

We hit the streets singing the blues
We'll make the nine o'clock news

I was born with the bad taste in my mouth
I was born with the bad taste in my mouth

I have no heroes, I have no idols
I wanna freaks around

When you see me don't stick around
And you'll be safe and sound

I was born with the bad taste in my mouth
I was born with the bad taste in my mouth

Watch out!

Bad boys are here, bad boys are here, bad boys are here
We hit you and we disappear
Bad boys are here, bad boys are here, bad boys are here
Don't try to come too near

Watch out!

Bad boys are here, bad boys are here, bad boys are here
We hit you and we disappear
Bad boys are here, bad boys are here, bad boys are here

here
Don't try to come too near

Bad boys are here, bad boys are here, bad boys are
here
We hit you and we disappear
Bad boys are here, bad boys are here, bad boys are
here
Don't try to come too near
