We are all a part of this concrete jungle  
Urban life has taught me how to fight  
But it's been a pleasure cruise  
I didn't have a way to choose  
We are all a part of this concrete jungle

#### Chorus

Come on, we were meant to fly  
Let us rise to the top of this skyline  
Top of this skyline now  
Come on, into the open sky  
Let us rise to the top of this skyline  
Top of this skyline now  
We're going faster, higher, stronger  
Now we run it.  
Everything inside of us is burning  
Faster, higher, stronger  
Is how we're running now  
Singing oh, oh, oh, oh  
oh, oh, oh, oh, €|.

Have you ever seen the world from here?  
Far away from the noises, things are clear  
You see the streets and the city lights  
Down below signs are shining bright  
Have you ever seen the world from here?

#### Chorus

(2X)

In the limelight, standing tall  
You see the windings of the roads  
Until the daylight of tomorrow  
When the skyline turns to gold

We are all a part of this concrete jungle
