He says hold tight hold tight
now hold on to you
Will take .. and I will win with you.

Chorus:
What could be better
What could be better
fighting fire with you.
What could be better
What could be better
fighting fire with you.

When you call for me... for me
I will be there for you
When you hear this song this song
I'm singing it all for you.

Chorus:
What could be better
What could be better
fighting fire with you.
What could be better
What could be better
fighting fire with you.
Fire fire fighting fire with you.
