There know escape for me this time
I'm passing through judgement day
The Forbidden Entry is longing
The key of life is thrown away
Will I find out my fate?

Flying through the years
Like turning an hourglass
Not knowing hours from minutes
How long has gone past
How long will it last?

Don't take the steps I took
By pass for changes
Walk along the narrow
Path called life

I did not know the answer
Or the questions to ask
How long is my time for
Is this time calling fast

And he said I am Pain

Do you dare walk these steps again
And aren't you scared to prevail other signs
Protect your fear for the light is burning out
Eternity is forever
Across the night you can see the mountainside
The final chance to prevail

Passion fades in the eyes of a stranger
It parades on your mind
Fools can change but will you feel compassion
Are you stuck in this maze no YA!

Default to change gets in the way
Saying NO could be the other
Getting taken by these dangerous games
You've got a taste of what's to come
Replacing the fury, Being judged by GOD

For the sins you've passed
A FORBIDDEN ENTRY

Crying tears will not fall
Mistaken for sorrow
Only you could find the hidden truth?
