"Be A Hammer"

I ask for once ignore the line
You've gone silent, submerging
While that's a useful alibi
You're being beat underneath their whip

If you don't wanna hold on then I'll scream
"Hey what does it matter?"
How can you be standing on your knees?
Get up be a hammer
Hey come and get some

They've racked their brains for ways to try
Our self-worth, our will to live
But they're trapped inside their own designs
When we get and still we give

If you don't wanna hold on then I'll scream
"Hey what does it matter?"
How can you be standing on your knees?
Get up be a hammer
Hey come and get some
