I don't know what you've got against me  
I don't even know why you care  
But it's obvious you want destruction  
To see me crumble, lay me bare  
But do you really think you can break me?  
Go on, give it a try

Knock knock on my door  
It goes on all day long  
Gimme gimme some more again  
You're singing the same old song  
Try to put me down  
You'd have me right off my mind  
You want to take full control of my life  
You get out of here  
Right now

You won't break me  
But give it a try  
You can drag me down  
You can play with my mind  
But you won't break me

There's a bang bang in my brain  
You're trying to drive me insane  
Show me show me some more of your time  
You're giving me a pain

But you've got it wrong  
You'll never get what you want  
Now I see how you're pushing me  
But I have no fear  
Go now

You won't break me  
But give it a try  
You can drag me down  
You can play with my mind  
But you won't break me
