Time ticks, it ticks on by so slowly  
Waiting for you to see the light  
You don't want to be around me  
But refuse to cut off the ties and take flight

So now that you know  
Please don't weigh me down  
Don't fool around  
Understand me  
It's time that I grow  
Please don't weigh me down  
Don't you play the clown  
Can't you come around  
Don't weigh me down

Let's make peace and go our ways calmly  
Let's be friends and keep what once was happy  
We know it's gone too far to save it  
Let it go that way some you'll savour

So now that you know  
Please don't weigh me down  
Don't fool around  
Understand me  
It's time that I grow  
Please don't weigh me down  
Don't you play the clown  
Can't you come around  
Don't weigh me down

I'd rather keep you here and have it like before  
But I see that cannot be  
We have to close the door

So now that you know  
Please don't weigh me down  
Don't fool around  
Understand me  
It's time that I grow  
Please don't weigh me down  
Don't you play the clown

Can't you come around  
Don't weigh me down

Don't you think it's better  
If we go our separate ways  
Let it go, let it drift away  
It's been too long, it's hard to stay  
We need to leave this  
Let it fade
