Good thing you didn't listen
Good thing you didn't care
Trusted me all the way
Knew better, you had faith
Good thing, good thing
Good thing
Good good

They tried to make you believe
That I wasn't worthy
Who I was, what I liked
Lies made from jealousy
They made up a whole new me
They told you so many things
Painted a picture of me not so nice
They twisted and turned the scene
So you would throw me out

Good thing you didn't listen
Good thing you didn't care
Trusted me all the way
Knew better, you had faith
Good thing, good thing
Good thing
Good good

They tried to take control
Made a plan, treachery
But you could understand
The ones who were unhappy
And it became plain to see
Unweaved the web of lies and hate
And then you set us free
And left them to their fate

Good thing you didn't listen
Good thing you didn't care
Trusted me all the way
Knew better, you had faith
Good thing, good thing
Good thing

Good good

They can try, but they try in vain
They can't stand in between
What's meant to be
Yes you and me
