I want you to know the truth
Been telling you some lies
Do you know know the price
That I've been asking for

Did you believe my cries
When I was weeping
Did you not see my eyes
When I was leaving, hey

Oh oh oh oh oh
I thought you'd have guessed by now
No no no no no
But you never had a doubt

I played the innocent
Was bad but unknowing
You thought you were the king
The queen wasn't showing

I was in paradise
Being deceitful
You never knew my vice
And how I was cheating

Oh oh oh oh oh
I thought you'd have guessed by now
No no no no no
But you never had a doubt

Did you ever know that I was lying
Did you ever know that my words
They were words of shame
And now that I'm coming out to you
I hope you'll see the light
