It's been so long I've hurt you
I've tried to reach, care for you
My views are cheap
To you I'm weak
That may be so
But strength can grow

So tell me that I'm wrong
Yes, I know that you have to have your say
And you can bring it on
But I know that I'm going to find your way
So go on
And then tell me that I'm wrong

It seems you want to make me pay
So go right on
Tell me behave
And time will tell
But time won't wait
For you to heal
Forget the hate

So tell me that I'm wrong
Yes, I know that you have to have your say
And you can bring it on
But I know that I'm going to find your way
So go on
And then tell me that I'm wrong

You've uttered every word
You've played at every game
You've tried to make me feel your pain
I've figured out now
I'm coming round now
Whatever you say
Just know that I will disobey
