You
You must have known that you could make me burn
And only you
You must have known this fire would not burn out
To say
All the things you felt were real and from inside
And that you could not lie
All the way you took me on a pedestal

Now I'm here looking round
And all I see is you and her in the clouds
Now I see and I'm dumbfound
Hard to believe I'm witnessing your lies

You
You got a way with words that makes me melt
And only you
Make me believe you love me
When you're with somebody else
And why should I be the other
Why am I denied
I'll find a way, I'll try
It's not a way for a pretty thing
Witnessing lies

Now I'm here looking round
And all I see is you and her in the clouds
Now I see and I'm dumbfound
Hard to believe I'm witnessing your lies

All the flowers that you gave me
Did you plan your every move
All the lunch and conversations
Why'd you have to make me tremble
Bring me down
All the emails that you sent me
Do you recall every word
When you're caught in my eyes
Is it such a surprise
Witnessing your lies
