Coming on alive  
It knows where we hurt  
Feeling it inside  
It knows how to stop your tears  
I went to the dance floor  
The dance's breaking my heart  
So grateful to be as one  
With this rhythm I've found

I'm in awe and terror  
Of the power of this kind  
Can't help but worship  
I'm worshipping the sound

I'm in front of my computer  
And I'm feeling like a looper  
Cause my boss just made me promise  
That I'd really try my hardest  
They're telling me to outperform  
But I think this is quite a bore  
Cause I just wanna be where they are worshipping the  
sound

I've become so blind  
To my daily life  
I'm leaving it behind  
To get closer to the night  
I went into silence  
The rhythm making me high  
Not thinking of anything  
The thumping full in my mind

I'm in awe and terror  
Of the power of this kind  
Can't help but worship  
I'm worshipping the sound

My heart is saying you should leave the corporate  
And live our dream  
My head is saying keep your job  
To be a singer is too hard

But in the end I will give in  
And take my chance and try to sing  
Cause I just want to go where they are worshipping the  
sound  
Now I'm singing in the studio  
I love the way the music flows  
It makes me tingle all inside  
And now my joy I cannot hide  
I feel the groove, it makes me high  
My happiness I can't deny  
Cause finally I am where they are worshipping the  
sound
