Was a whirlwind romance
Reached a soaring high
Began a relationship
We took it, took to the sky
But in no time at all it finished, dried out
And I was left there naked
Lying on the ground

And now you've found you can't live without
And I can only hope we'll make it through
Yeah, we'll make it

I know you're one of a kind
And I'm glad I'm on your mind
You have found me in the dark
You have struck me right through my heart
I thought you were on the run
Now it looks like I'm the one
Thought I lost you in the crowd
Now I know you've come around

Seems like make believe
That I have another try
I've been to the lost and found
Took what I believed was mine
A roller coaster ride
We're taking off once more
But this time I'm not planning to come down
Won't hit the floor

And now this time I've made up my mind
And like I hoped you're made it too
Yeah, we've made it

I know you're one of a kind
And I'm glad I'm on your mind
You have found me in the dark
You have struck me right through my heart
I thought you were on the run
Now it looks like I'm the one
Thought I lost you in the crowd

Now I know you've come around
