Verse:

Next I put your head in the window, for everybody to

No one yet realizes it's not connected, to the rest of your body.

Chorus:

And I throw it down, but to my surprise it never hit the ground.

Verse:

I looked in the glass, and everybody stopped. Everybody lies, and everyone's a cop.

Chorus:

You will never come back, because I killed you dead. It may look like a heart attack.

Bridge:

Does it really matter if no one really cares, if you killed a town.

Everybody wants a piece of your pie, and some expensive film.

Verse:

All I never needed or wanted, is just to be alone. Live by myself with just the bare necessities, in a single family home.

Chorus:

Now I look for too, being alive. And just not being with you.

- Dinnertable
