"We left the people of Israel with, one thought..  
that they are not alone -- The people of New York,  
people of the United States of America  
indeed decent freedom loving people  
everywhere stand at their side in this hour of need."

[Verse One - Red Hot Lover Tone]

Cries of wait please wait wiggity wait but Kuwait won't  
wait  
Desert Shield a field full of confused hate  
Soldiers fight because they're loyal, while tempers boil  
On U.S. soil, they're screamin no blood for oil  
Groups of recruits get fitted for troop boots  
while business suits shoot hoops eatin Fruit Loops  
Yo I don't understand the government plan  
Goin on holy land, killin a family man, and  
tearing loved ones asunder  
when things were really sunny, strictly for the money  
The money.. yo money  
You might reinstate the draft and I'm gettin bummy  
So I clear my head by goin testin testin one two testin  
and countin my blessings  
And pray for the brotherman with an M-60 in his hand,  
eatin spam  
So one more time, testin one two, and ya don't stop  
That's why we got this war Hobbes  
Yo I only got one thing to say chief  
Let's bring 'em home safely

"The State Department's ?? wants to mediate  
The Iranian president wants to meet with Iraq  
and then maybe the U.S.  
A Middle East expert here in New York has an  
explanation"

[Verse Two - Rockin Robin]

Deep in the Middle East, in the belly of the beast  
We got men and women losin blood for black grease  
Oil - how could such a thing spoil  
a whole nation and turn it up into a turmoil  
Stealths wipin out every man's health

Bombers got sisters brothers daddies and lonely  
mommamas  
cryin, "Oh my son, oh Lord help my daughter  
Calm the ragin seas, please fill the waters"  
Readin letters under candle, delivered by camel  
Layin in a dug-out channel's kinda hard to handle  
So I say a little prayer to my maker in this blood filled  
place  
Please bring 'em home safe

"Baghdad radio is calling for terrorist actions  
against the nations fighting Iraq in the Persian Gulf.  
And the allies are concerned that cryptic messages  
broadcast this morning could be a signal to terrorists."

[Verse Three - MC Serch]

President Bush will bring us out of this recession  
We'll all have jobs when American numbers are  
lessened  
Blessings are said, so no one will get hurt  
Yo - I need a Shield, but it's not for the Desert  
It's a shield for the ills that builds  
with this rampant nationalization; we're not dealin in  
humanism  
P.O.W.'s, M.I.A.'s unknown soldiers in unknown graves  
Let's bring 'em home safe

"The F.B.I. continues to look for those responsible  
for placing six pipe bombs on, chemical tanks  
in the Norfolk, Virginia - or near the Norfolk, Virginia  
naval base  
The bombs were safely.."

[Verse Four - Chubb Rock]

Well hostility jumps on the scene in ninety-one  
No fun, large sons shooting machine guns  
Population adjustment will be adjusted by an intelligent  
villain  
Guerilla warfare killing  
Amplifies, fear tears blood embedded in mud  
Daddy falls to the accuracy intricate of a SCUD  
Black gold soul, patriots told nothing but lies  
Atmosphere develop permanent red eyes  
Destruction a product to develop and enhance  
presidential fees, blood from overseas  
spilled, uphill, peace of mind  
I'm, waiting for, waiting for the time  
Inner soul craves, for guidance  
for safety for the brave, P.O.W. slaves  
will be used as shields to pierce and drill  
to drip tears, when a declared won't mingle

with the Man Upstairs, funerals for fear  
Confusion, nervous hands from a scared wife knittin  
Siblings infants weepin, continous tear drippin  
Impaled men please God let them cease  
Come home, Red Hot Lover Tone, Rockin Robin  
MC Serch, and for the last the verse  
let us rehearse, excluse men in the hearse  
Everybody what's the verse? Peace

"If one of the bombs had gone off, the resulting  
damage and loss of life would have been tremendous.  
F.B.I. agents on the scene had NO idea  
who placed them there."

[Verse Five - Lucas]

None of the bags coming back are filled with gallons of  
clout  
to spill out, to shake-up, break up, now blow up  
has entered the minds in Washington D.C., tell me  
Is this the land of the free, and in France see  
{\*rappin in French\*}  
Danish {\*rappin in Danish\*}  
German {\*rappin in German\*}  
Guess that we're all comin back in one peace

"Adolf Hitler, Joe Stalin, and Saddam Hussein.  
Not the types you'd expect to meet on Route 80 near  
Hackensack.  
Well there they're gathered, because.."

[Verse Six - Pete Nice]

The web's analyzed of the ties to the dark side  
A nation vexed, is it a Vietnam flipside  
On the streets, protests came a little late  
Six months on your seat before war date  
A Watergate for information ain't passed on  
Is that the actual fact, or was you gassed on  
the noose loose for the troops in combat boots  
Bring 'em home and preserve those family roots,  
peace!

"And the U.S.S. Missouri and her sixteen-inch guns  
opened fire on Iraqi positions near the Kuwaiti border.  
It is the first time those big guns were used in combat  
since the Korean War. Meantime U.S. and allied planes  
continue to bomb Iraqi military sites in Kuwait, and  
outside Baghdad."
