Spitting in a wishing well
Check check check
Blown to hell... crash
One two
I'm the last splash

I know you, little libertine
Spitting in a wishing well
I know you're a real koo koo
Blown to hell crash

I'm the last splash
Hey now, hey now, ...

Want you, Koo Koo, Cannonball [2x]
I know you little libertine
In the shade [4x]
I know you're a real coocoo

I know you, little libertine
Want you coocoo cannonball
I know you're a cannonball
Want you coocoo cannonball
I'll be you're whatever you want
In the shade, in the shade
The bong in this Reggae Song
In the shade, in the shade

Hey now, hey now, ...
I know you little libertine
Want you, Koo Koo, Cannonball [2x]
I know you're a cannonball
