Today I passed you on the street
And my heart fell at your feet
I can't help it if I'm still in love with you

Somebody else flows by your side
And she looks so satisfied
I can't help it if I'm still in love with you

A picture from the past came slowly stealing
As I brushed your arm and stood so close to you
Suddenly I get that old time feeling
I can't help it if I'm still in love with you

It's hard to know when other's lips have kissed you
And held you just the way I used to do
Heaven only knows how much I missed you
I can't help it if I'm still in love with you
I can't help it if I'm still in love with you
