I am chewing on power lines  
Spraying the yard in spark  
Clouds were bruised when the day broke  
Clouds were bruised when the day broke

You're in this town  
You're in the ???  
Stinging my eyes enthralled (?)

Clouds were bruised when the day broke  
Clouds were bruised when the day broke

I went abroad, wrote a line home  
Wouldn't write again  
'Til the cruel year was gone

My lips  
Kisses cotton (?)  
Got stuck here forever

Clouds were bruised when the day broke  
Clouds were bruised when the day broke  
Clouds were bruised when the day broke

Chewing on power lines  
Spraying the yard in spark
